The above illustration presents a front view of the new San Mateo County Courthouse, being erected in this city and now nearing completion. The building is a strictly Class A structure, with steel frame and absolutely fire-proof construction throughout, not a piece of wood being used anywhere in the building, either for structural purposes or finish. The Board of Supervisors are making every effort to give the County one of the best buildings in the State, and at the suggestion of Glenn Allen, the architect of the building, have adopted Blanchard's all metal doors and finish throughout the building. The departments of the County Recorder and County Clerk have received special attention, with a view to the absolute safety of the records, and have been made as nearly fire and earthquake proof as modern ingenuity could suggest.

SOME OF THE INCIDENTS OF 1864

Completion of New School Building Starts Financial Panic Among Trustees of District.

The new Congregational Church building was completed about the middle of May, and was dedicated on the morning of Sunday, May 29th. This service was conducted by Rev. George Moore, of San Francisco, who preached to a congregation which filled every available space in the building. At the time of the dedication, $3,800 had been expended in the building and furnishing of the church, all but $800 of which had been paid in by subscribers to the fund or secured through the medium of entertainments.

On the 1st of June the San Francisco and San Jose Railroad, which up to this time had been operated by the contractors who built the road, was turned over to the management of the owning company, which assumed charge of its operation. Col. Huston, one of the contractors who built the road, and who up to this time had been in charge of its operation, was retained by the company as its general superintendent. Messrs. Nolan and Gould, who had been in charge of the operation of the passenger trains as conductors, were retained in those positions. At this time the road appeared to be in a decidedly prosderous condition. There was, however, a very considerable dissatisfaction with some of the policies of the company. Then, as has been the case for the greater portion of the time of the operation of the road, even to the present day, the greatest "kick" was over the rates of fares. These were considerably higher than had been expected by many, and as is at present the case, it was feared that the charges were operating to discourage the building of suburban homes by thr business men of San Francisco, a matter that had been held out during the canvas for funds for the line as one of the strong arguments of benefit to this section. The strength of this feeling is best shown by the action of the Board of Supervisors about that time. At the meeting of the Board held August 1st, B. G. Lathrop was elected as the representative of the Supervisors to cast the vote of the county stock at the annual meeting for the election of directors. At the time of the selection of Mr. Lathrop, the Supervisors adopted a resolution instructing him that it was their desire that he vote for no man for director who would not pledge himself to fix such rates of fares and freights as would enable the business men of San Francisco to build their homes along the line. As a basis for this instruction it was stated in the resolution to be a notorious fact that many persons who had expected to move their families out of San Francisco, some of whom had even purchased land in anticipation of the facilities promised by the management of the railroad, had already abandoned the idea because of what was considerad the excessive rates. Because of these conditions it was feared that many of these people would seek homes on the other side of the bay, where another railroad was planned and which seemingly was preparing to offer much better rates.

About the 1st of June, 1864, the Trustees of the school district including this town found themselves facing what appeared to be a serious financial dilema. The contractor had finished his work on the new school building and turned it over to the district. The entire cost of the new building was $3,550, and after selling the old building and lot and collecting the money subscribed towards the building of the new house, there was a deficiency of $900. Before the building could be used it was also necessary to spend a considerable sum for the absolutely indispensable furniture and to build foot bridges that it might be possible for the pupils to get to and from the school. To supply this fund it was necessary to raise from some source $2,200. The fund for the payment of the salary of the teacher was also exhausted, and to continue school for the remainder of the term an additional $900 was required. It was finally determined, as the only apparent solution of the difficulty, to submit to the voters of the district a proposition to raise the needed amounts by the levy of a special tax on the property of the district, and an election for this purpose was called for the 11th of June. At the time this call was decided upon there was considerable fear among the trustees that ihe people would oppose the tax, and S. S. Merrill, one of the members of the Board appealed to the public in a rather lengthy published statement urging the necessity for the move. This turned the scale in favor of the proposition and at the election the vote in favor of the tax was almost unanimous.

Although the fire department was at this time, considering the size of Redwood City, fairly well equipped, being possessed of what was then considered an up-to-date fire engine, and had on one or two occasions demonstrated its ability to cope with fires in the best manner possible under the circumstances, the town had provided no means of informing the firemen when their services were needed, except as they were able to hear the yells which usually accompany an excitement of this character. Recognizing the necessity for some means of alarm, the firemen passed another subscription paper among themselves and secured a fund for the purchase of a bell. When the bell, which is said by some of our old residents to have been one of more than ordinarily pleasing tone, arrived, early in June, it was installed in the belfry of the fire house with considerable ceremony. For nearly a quarter of a century this bell did faithful duty, ringing out stern calls to brave men in hours of danger and adding its sweet notes on festive occasions. A little more than 20 years ago a crack destroyed the tone of this bell and it was retired to be replaced by the one now in use.

At the meeting of Bay View Lodge, I. O. O. F, on July 6th, officers for the term were installed as follows: Andrew Teague, noble grand; George W. Fox, vice grand; J. J. Dorland, recording secretary; J. L. Snow, permanent secretary; W. A. Clark, treasurer. The installation ceremonies were conducted by Charles N. Fox, the District Deputy Grand Master for this district, which at that time was composed of the lodges of San Jose, Santa Clara and Redwood City.

On the 1st of July the effort to secure a church building for the Catholic residents of Redwood City was revived. Those interested in the Church began the work of securing subscriptions to the fund, meeting with encouraging success and predicting that within a short time the required funds would be on hand to complete a building free from debt.

With the beginhing of August, Rev. G. W. Finney, the pastor of the Congregational Church in this city, began holding both morning and evening services on Sunday, instead of in the morning only. Rev. G. A. Eaton, of the Episcopal faith, began the holding of regular Sabbath services, these being held in the same church in the afternoon at 4 o'clock. At the same time the Catholics were given a service once each month by Rev. Father Dempsey, this service being held in the hall at the Courthouse.

Another of San Mateo County's enterprises has passed into history, says the Halfmoon Bay "Review". The old San Mateo and Pescadero stage line has discontinued. Tuesday evening, August 31, 1909, was the last trip of the line which for forty-seven years has been the means of conveyance of the mail and express as well as passengers, first from San Francisco direct and later from San Francisco and San Mateo. The line was first started and owned by R. Dougherty of Purissima, running from San Francisco to Purissima in 1862. In 1864, Mr. Dougherty extended the line to Pescadero. In 1865 Dougherty retired leaving the field to his competitor, who operated the San Mateo and Pescadero line. In 1883 the company which owned and operated the line just discontinued, was formed and composed of Levy Bros., Jos. Debenedetti and J. Boitano and which did a thriving business until the advent of the Ocean Shore Railroad. The mail and express contracts which were carried by the company have been transferred to other parties. The contracts from San Mateo to Halfmoon Bay are being carried out and conveyances run by the enterprising proprietors of the Pilarcitos Stables. While the contracts from Halfmoon Bay to Pescadero are fulfilled by J. Davis. Thus the oldest stage line on the peninsula passes out of existance.

Prepairing to Aid Church.

The ladies of Mount Carmel church will hold a festival in aid of the convent, in Germania hall on the evenings of October 14th, 15th, and 16th. Nothing will be left undone to make this festival the event of the year. A very attractive program will be presented each evening and a large assortment of useful and ornamental articles will be on exhibition. The ladies will be glad to meet their friends and share with them a social evening. The object of the festival is to secure sufficient funds to furnish the building and complete the work thus far done. Any contributions to the various booths will be thankfully received.

Relative of Explorer.

Mrs. Alvin Rodgers, of Mountain View, formerly Miss Hattie Williams of Redwood City, is a first cousin of Commander Peary, one of the discoverers of the North Pole. She is well known in Redwood City having frequently visited the family of J. H. Mansfield.

Hofen Exomination Postponed.

The examination of Alfred Hofen, accused by Miss Emma Offermann of assault to commit murder, has been indefinitely postponed. Monday Hofen and his attorney and the prosecuting witness and her sisters and lawyer appeared in Justice Thompson's court at Santa Clara, that being the day fixed for the hearing. The magistrate failed to put in an appearance, it being repesented that he was suffering from illness. The case was then continued, to be reset on a date agreeable to the attorneys on both sides.

Will Discuss Vocal Methods.

Mrs. Sydney Yard, of the King Conservatory of Music, San Jose, will give a talk on expression, both physical and vocal, in the Assembdy hall of the grammar school, from 4 to 5 p. m., the 21st instant. Mrs Yard will give several readings and illustrate her method, and Mr. Carrington has kindly consented to assist with a vocal solo. Mrs Yard hopes to form classes in expression for both children and adults. All those interested in the work are cordially invited to be present.

Odd Fellows' Entertainment.

Keep in mind the Rebekahs' dance and card party to be given at Odd Fellows' hall Saturday night. It will be worth your while to attend, for the sake of your own enjoyment, and for the good you can do in contributing toward a worthy cause. The proceeds will be given to the Orphans' Home at Gilroy.

D. E. O'KEEFE, Editor and Proprietor

Don't rush out of town to spend your earnings and then howl about hard times. If your city is to prosper it must have your support as well as that of your neighbor. Your home merchant can compete with those of any locality, both as to prices and assortment, if you will but do your share to give him support and encouragement.

Although Uncle Sam is at peace with all the world, he is spending something over $300,000,000 annually in the maintenance of his army and navy. Were it not for this expenditure, however, he might be at war with somebody all the time. Preparedness is a great conservator of the peace.

Suffragets paid a dollar a head for admission to the Vanderbilt Marble Mansion, at Marblehead, without a murmer of complaint. Of course it was all for politics, but at the same time it was enough of a social function to de dear to the heart of any woman.

Standing In Their Own Light.

In the present temper of the people of San Mateo County it can not be expected that they will readily consent to saddle themselves with a large bonded indebtedness for the purpose of constructing improved roadways largely for the benefit of automobile owners. Until the owners and drivers of these machines cease to regard the public highways as avenues solely devoted to their own use, they can hardly expect to secure a change in this sentiment.

While all owners of automobiles are not open to this charge of arrogance, the disregard of public safety and convenience is altogether too common. Not only do the drivers of many machines insist upon maintaining a speed that is a serious hazard to the public safety, but they seem to consider that they are entitled to all the rights of the road, and the unfortunate who may accidentally interfere with their perogative is liable to their severe censure.

Until those who are specially interested in the use of these machines can find some means of securing a greater regard for the rights of the pedestrian and the driver of the old fashioned horse, they must not look for a material change in this sentiment of opposition to the expenditure of large sums of public money on pleasure drives.

Killed by Train.

Manuel Cardoza Peets, who was killed by a train at Sunnyvale Tuesday night, formerly resided at San Carlos where he conducted a dairy on the Brittan place. He was well known and respected by all of his acquaintances. The deceased had been at San Jose with his family to see the circus and attempted to leave the train before it stopped, falling on his head and breaking his neck.

Mrs. M. E. Usher and daughter Mabel of Spokane and Mrs. A. E. Casey and daughter Marguerite of Seattle are here on a visit to their sister, Mrs. D. Geary. They will remain in Redwood two months.

Supervisors Hold Special Meeting.

The Board of Supervisors held a special meeting yesterday. Those present were Francis, Casey and McEvoy. The returns of the election held in San Bruno Colma and Easton to establish lighting districts were canvassed and found to be according to law. A resolution was adopted organizing these places into lighting districts.

The clerk was instructed to advertise for bids for the construction of a concrete culvert in the first township.

The district attorney was instructed to begin suit on the bond of Thos. Hutton for his failure to comply with his contract in oiling the Woodside road. The district attorney was also instructed to investigate the fire that burned the flume on the west side of the Middlefield road at Fair Oaks and punish the guilty parties.

A grass fire started during the night near the Holbrook place and worked its way to the flume which was ignited, and before the fire was discovered, over 700 feet of the structure had been destroyed. Supervisor McEvoy and his assistants arrived in time to save a portion of the flume which crosses the road. The burnt flume was built a number of years ago by Supervisor McEvoy and cost in the neighborhood of $1500.

Bishop Confirms Class.

Five Sunday school girls of St. Peters church were confirmed Sunday evening by Bishop Nichols. The presence of this able and popular prelate in Redwood City drew a large attendance and the church was crowded to its doors. The decorations were simple, being white and green, which were most artistically arranged by Mrs. Adams. In administering the sacrament the bishop was assisted by Rev. Mr. Golden of San Mateo and five girls were confirmed, their names being Alma Zimmerman, Stella Sahlberg, Grace Stott, Annie McKay, Julia Short. Bishop Nichols delivered a sermon, taking for his subject The Good Samaritan. In conclusion he addressed himself to the children speaking affectionately to them on the importance of the ceremony in which they had participated and the value of their continued fealty to their church. The music which was a beautiful feature of the service was in charge of Mrs. Squires.

Much Talk About Nothing.

In view of the fact that there has been some comment about town during the week regarding the alleged abuse of a pupil at the grammar school, the trustees have caused the matter to be fully investigated with the result that Mr. Lanfear, the father of the boy has written the following statement which he asks to have published:

To the Editor of the Times-Gazette: As the trouble between John Lanfear and Mr. Benson has been grossly misrepresented, I wish to to say that after a fully investigation I find that the boy was not injured intentionally or unintentionally; that he was not pounded, choked or otherwise abused; that any rough handling he received was accidentally caused by his resistance when Mr. Benson tried to take him into the building. I do not blame Mr. Benson and should have acted as he did under like circumstances.

(Signed) A. H. LANFEAR.

PENINSULA LEAGUE WANT GOOD ROADS

Delegates Assemble at San Mateo and Discuss Improvement of County Highways.

FAVOR A COUNTY BOND ISSUE

Representatives to Peninsula Promomotion League Want Roadways Built For Automobiles.

The Peninsula Promotion League held an important meeting at San Mateo last Wednesday in the parlors of the Peninsula Hotel. Guy P. Hull, P. P. Chamberlain an George W. Lovie were the delegates from Redwood City.

The members present discussed suggested that boulevards, roadways and drives be built in the county that would resist the ravages of the automobile.

W. J. Martin, president of the League, presided at the meeting, and Assistant Secretary E. I. Woodman recorded the proceedings. President Martin briefly stated the purpose of the meeting, and told of the urgent need of good roads in San Mateo County.

"We are situatted in a position like the gap in the letter C", he said "There are good roads to the north of us and good roads to the south of us while the counties that border us are developing their highways rapidly. I am sure that out of this body of citizens there are many who will be willing to act on this commission without pay and will be able to devise a suitable system of roadways and boulevards that will serve this county, and will also be able to estimate the cost."

He then called upon Supervisor Center of San Francisco, who attended the meeting. Mr. Center declared that San Francisco, though legally prevennted from aiding in the proposed improvement in a financial way, was heartily in favor of the movement. The erection of a viaduct at a cost of $82,000 on the Mission road near the county line, he said, would aid greatly in connnecting the two counties. D. Bromfield of San Mateo suggested a boulevard through the foothills, which, he said, would do more to open up San Mateo county than those not familiar with the scenic wonders of these sections could imagine.

To carry out these plans, whose completion will not only develop the most inaccessible scenic recesses of that country, but will wrest from the south its boasted monopoly of tourist travel, an approximate sum of $1,000,000 will be necessary. The Peninsula Promotion League proposes to raise this sum by a bond issue, and at a meeting of the league yesterday afternoon at San Mateo assurances of hearty co-operation from all sections of the peninsula were received. Of the number of property owners and business men of San Mateo county who crowded the big dining-room of the Peninsula Hotel at the meeting only one element of opposition arose.

It appeared in the form of a contention by Attorney C. N. Kirkbride that the levy should be made only against abutting property owners, that the county as a whole should not be taxed, but that those property owners whose individual holdings would be immediately enchanced be made to pay the cost of the improvement.

But the meeting was unanimous in rejecting such a suggestion and with the one dissenting voice it was decided to go before the Board of Supervisors on October 4th for the purpose of submitting the proposed bond issue to a vote of the people. A petition bearing hundreds of names urging the issuance of the bonds will fortify the representatives of the league when they appear before the Board. A committee of fifteen members wras apponteid from whom the Supervisors may select 3 to comprise the San Mateo county highway commission, as provided for by an act of th Legislature.

The fifteen members are: J. G. Grant, Burlingame; E. L Hoag, Burlingame; W. J. Martin, South San Francisco; ex-Senator Charles N. Felton, Menlo Park; J. A. Folger, Woodside;; William Hansen, Redwood City; W. B. Lawrence, Apua; L. H Newbert, San Mateo; A. H Payson, San Mateo; W. H. Crocker, Burlingame; Cyrus Williamson, Pescadero; Charles Bordenn, Halfmoon Bay; Andrew Walsh and Edic Lange of Burlingame.

George W. Lovie of Redwood City insisted that the co-operation and confidence of the farmers of the counnty must be enlisted before hope of sustaining the bond issue at the polls could be entertained. He also urged that practical, reliable men be appointed ona the commission.

W. B. Lawrence and Joseph Grant of Burlingame told of the magnificent highways of France and urged that California, and especially San Mateo county, divert some of the immense automobile business from that country. Grant declared that in 1907 alone the sum of $11,000,000 was spent in France by American automobilists. France has spent great sums in maintaining splendid highways, he said, and the expenditure had been shown to be the best sort of investment.

"Why can't we invest our money that way?" he asked. "Let us make our roads enduring, able to withstand the destruction of automobiles. The deterioration of our roads costs us heavily and the deterioratonn of our vehicles also costs us a great deal, while a permanent and enduring highway would be an investment that would bring immediate and excellent returns."

Douglas Watson of Fair Oaks has evidently devoted much time to the question of good roads in San Mateo county. He outlined the proposed improvements and showed that property values inall parts of the county would be enchanced by the issuance of bonds for construction of highways.

Supervisors Colemann and Casey spoke briefly, but both expressed hearty assurance of co-operation and assistance. Thomas E. Hickey, a trustee of South San Francisco, was also earnestly in favor of the improvement. W. T. Garrett, Erci Lange, Attorney Ross and others also spoke, declaring that the subject of good roads was the most vital now in San Mateo county.

It is said to be the home of these animals. Only 100 members will be allowed to join the club organized by Mr. Anderson. Many from Redwood City have joined the organization. The time is rapidly approaching in this country when shooting will be found only in preserves as the game is being shot off by the city hunnters.

William E. Davis, a resident of this city for the past eleven years, left last Wednesday for his boyhood home in Milton; Mass., to spend the remainder of his days amid the scenes of his youth.

The Board of Trade held a meeting Tuesday evening and among other things provided for the distribution of several thousand booklets throughout the country. A special meeting is to be held next week to arrange the credit and collection system of the city.

Redwood Ciyt Lodge No. 322, Fraternanl Brotherhood will hold their mext meeting on Wednesday evenning, September 22d, at 7:30 in the Odd Fellows Hall. There will also be free entertainment to which all are invited.

Information for Tourists.

Work on a folder exploiting the summer resorts of California, preparatory to travel for next summer, has already been begun by the Southern Pacific Railroad Company which desires to get as complete information as possible for those who are seeking an outing.

A beautiful illustrated folder was edited by the Southern Pacific last year, covering more than a hundred different localities in California where a few weeks in the heated season may be spent. These included resorts from the class of Tahoe and Shasta Springs to the humble little camping places.

The railroad is very willing to publish complete information as to locations prevailing about the resort, the sports that can be had there and many other intelligences that would assist the vacationist in choosing a resort.

Blanks for this purpose may be obtained from District Freight and passenger agent E. Schillingsburg, San Jose, for those who are interested locally.

A Burglar in Town

his name is "bad cough". He doesn't care for gold or silver but he will steal your health away. If he appears in your house arrest him at once with Ballard's Horehound Syrup, it may mean consumption if you don't. A cure for all coughs, colds and chest troubles. Price 25c, 50c and $1.00 per bottle. Sold by Ryan's Drug Store.

HONOR MEMORY OF FORMER STUDENT

Faculty and Students of Santa Clara College Attend Services in Memory of Norman Buck.

A solemn Requiem Mass was sung in St. Clare's church, Santa Clara, Friday morning at 10 o'clock for the repose of the soul of the late Norman Buck, who had been a student at the college for several years and was one of the most popular boys in the yard as well as one of the most brilliant scholars. The accident that took the young man's life occurred during the vacation days and the mass was postponed on that account until the boys return to school.

More than four hundred boys—the entire student body of the college—the community of priests, brothers and the faculty attended the mass in a body. The alter was draped in mourning and a large catalfaque, with lighted candles occupied the center aisle of the church near the altar rail.

Rev. Father Gleason, S. J., president of the college was celebrant of the mass and was assisted by several clergy of the college. The music was rendered by the student choir and was of an exceptionally fine order.

The tribute to the young man was beautifully sincere, for not a boy, day scholar or boarder was absent from the kneeling, tear-dimmed student body A number of the relatives of the deceased boy were present.

A BURNT CHILD

dreads the fire. The dread is wholesome, but not the burn; that can be healed and instantly relieved by applying Ballard's Snow Liniment. Be prepared for accidents by keeping a bottle always in the house. Best for sprains, bruises, cuts, scalds, rheumatism, neuralgia, bunions—any and all aches and pains. Price 25c, 50c and $1.00. Sold by Ryan's Drug Store.

Thackeray's "Jeames."

The "fashionable reporter" (Mr. R. F.) of the Post was a familiar figure at weddings and receptions in the forties and fifties, and Thackeray always spoke of him as "Jeames" and voided the vials of ridicule on him and his works. "Jeames" avenged himself by carefully leaving Thackeray's name out of all his lists. "Jeames" had one direful experience. When Prince Albert went to the Isle of Wight to inspect Osborne the "fashionable reporter" managed to get on board the royal yacht before she left Cowes. When the boat was halfway across the Solent the presence of a stranger on board was detected, and he was interrogated by one of the suit; Jeames announced his professional position and was informed that he had been guilty of an unwarrantable intrusion. He was forthwith bundled into a small boat which was attached to the yacht, and as the sea was rough he was drenched to the skin in a few minutes. When the yacht arrived at Portsmouth the tide was low, and Jeames was pulled out of the boat and compelled to wade to the shore through the mud as best he could.—London Truth.

Early Italian Surgery.

Benvenuto Cellini (1500-1571) tells of early Italian surgery. He had got a bit of chipped steel in his eye, "so far into the pupil that it was impossible to get it out, so that I was in very great danger of losing that eye. But the surgeon came to the rescue with the pigeons. The surgeon, making me lie upon my back, with a little knife opened a vein in each of their wings, so that the blood ran into my eye, and I was thereby greatly relieved. In the space of two days the bit of steel issued from my eye, and I found that I had received considerable ease and in a great measure recovered my sight."

Live and Learn.

Among the words given out for analysis recently by a district school teacher in Pennsylvania was "bank-note." The instructor's astonishment may be imagined when one male pupil turned in the following unique paper:

"Bank-note is a compound, primitive word, composed of 'bank' and 'note.' 'Bank' is a simple word, meaning the side of a stream; 'note,' to set down. 'Bank-note,' to set down by the side of a stream."—Lippincott's.

Home Investment

It is not often that one has an opportunity to invest in a substantial home concern. Therefore, in offering the Preferred Stock of this corporation we do so with a feeling that it is one of the best investments ever offered for subscription on the Pacific Coast. The company was incorporated for the purpose of taking over the former partnership of Stanley & Kolts, operating under the name of the South Coast Paper Mill, Soquel, Cal., manufacturers of Building Paper, Fruit Wrappers, Felting Paper, Wrapping and Special Papers.

Arrangements are now beitg made to install a New Paper Machine, Jordan Engine, Screens, Beating Engines, Digester, Calendar Roll, Rewinder, Filtering System, Oil Burners, and the remodeling of the present mill so as to bring the capacity of the mill to 90 tons of paper per week.

This company is incorporated under the laws of the State of California for $125,000, divided into 2000 shares of 10 per cent Cumulative Preferred Stock at $50 per share, and 500 shares Common Stock at $50 per share. The Preferred Stock is entitled to an annual dividend of 10 per cent, but unlimited as to further dividends. That is, after 10 per cent has been paid on the outstanding Preferred and Common Stock, both Stocks shall thereafter pairticipate equally. We are reasonably confident that the Preferred Stock will pay from 20 to 30 per cent dividends.

We now offer for subscription the first issue of 1,000 shares of the 10 per cent cumulative preferred stock at $55 per share. Stock fully paid and non-assessable. (No subscription received for less than $110.00)

Immediately upon the sale of the first issue of 1000 shares at $55 per share the Second Issue, representing the remainder of the Preferred Stock of the Corporation, will be open for subscription at at $60 per share.

PAYMFNTS--25 per cent on application; balance, 25 per cent per month until fully paid.

SPECIAL NOTICE

Owing to the Limited Issue of Stock all applicants will kindly state in their subscription for Stock whether in the event the first issue of stock is over-subscribed at the time their application is received by the Company they wish their application returned or allowed on the second issue at $60 per share.

"IN A BAD WAY"

Many a Redwood City Reader Will Feel Greatful for This Information.

When your back gives out;
Becomes lame, weak or aching;
When urinary troubles set in,
Your kidneys are "in a bad way."
Doan's Kidney Pills will cure you.
Here is local evidence to prove it:

Matthew Hedge, 701 Arguello st., Redwood City, Cal., says: "From my experience with Doan's Kidney Pills, I know them to be a remedy that lives up to representations. I had pains in my left hip, descending at times into my thigh and the calf of my left leg. A soreness was also present across my kidneys, causing me great discomfort. I knew that my suffering was due to sciatic rheumatism caused by my kidneys failing to remove the uric poison from my system. I heard of Doan's Kidney Pills as a fine remedy for kidney trouble and I accordingly procured a box at P. A. Ryan's drug store. I used this remedy according to directions and in view of the benefit I recieved, I have great faith in it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
